

What is the mission of Vision Academy?

At Vision Academy at Riverside we provide a college-preparatory education through a rigorous, literacy-based academic program that ensures our scholars are prepared to succeed on the path to college with a vision for the future.

We are a K-8th grade tuition-free public charter school founded on the educational model of Avondale Meadows Academy (formerly Challenge Foundation Academy). Established in January 2013, Vision Academy at Riverside is open to all students in Indiana. Nestled in the Riverside neighborhood at the corner of 18th Street and Riverside Drive, we will serve families across Indianapolis with a college-preparatory education from grades K-8 by the year 2020.

What grade levels will we offer? How many scholars?

We will serve 300 scholars in grades K-6 for the 2014-2015 school year.

What makes Vision Academy unique?

- We will have two teachers in every classroom.
- We will open in a brand new, state-of-the-art facility.
- We offer a college preparatory academic program and experience that builds:
 - Goal setting skills
 - Research practice
 - Communication & presentation skills
- We are fully supported by our neighborhood and surrounding community.

What are you most looking forward to over the next 6 months?

I am most pumped about three main things:

- Bringing all our founding staff together for Day 1 of Orientation
- Walking through our brand new building the day it opens
- Meeting all our families and new students at our Back to School BBQ on July 25th

I can't wait to get the year started but we've got a lot of work to do before then!
